## **INTENSE CLEANER**

Intense Cleaner is a highly concentrated cleaner, added with alcohol, for regular and thorough cleaning of treated (hard) Waxoil and UV oiled floors.

The cleaner is quick-drying, fresh-perfumed and gives your floor an antistatic effect.

### Instructions:

Add half a cup (75 cc) Intense Cleaner to approximately 10 litres of lukewarm water.

When the floor is very dirty, use some more .

Clean the floor with a well wrung cloth. Clean the cloth regularly with clean water when treating the floor.

### Note:

Do not use in combination with other cleansers.
